

22<sup>nd</sup> of July 2025

**TO WHOM IT MAY CONCERN**

This is to certify that on the 16/07/2025 at the request of Mr. & Mrs. I. & D. Locke, Wirruna Poll Herefords of "Spring Valley", Holbrook, NSW, I pregnancy tested and determined foetal gender (aided by ultrasound technology) the cattle identified below and confirmed them to be pregnant.

**IDENTIFICATION:**

20 x registered Poll Hereford females.

**STAGE OF PREGNANCY:**

These 20 females were confirmed to be pregnant at the time of pregnancy diagnosis on 16/07/2025. Their individual estimated foetal ageing /calving date and foetal gender information is as per the Wirruna sale catalogue.

Their expected calving dates are between 02/02/2026 and 06/03/2026.

These 20 females have also been confirmed Pestivirus carrier (PI) state free by PACE testing through the EMAI state laboratory – lab reference number: M25-10002.

Please note: Foetal sexing by ultrasound is over 98% accurate.

Yours faithfully,

Dr. Shane P. Thomson BVetBio. BVSc. MAnSc.
